ABOUT

Highly motivated Chemistry graduate from Padjadjaran University with comprehensive knowledge and hands-on experience in chemical and physical laboratory testing. Proficient in operating laboratory instruments including spectrophotometer, UV-Vis, FTIR, XRF, XRD, UV-DRS, and AAS. Completed coursework in Laboratory Quality Management, equipping me with a strong understanding of Good Laboratory Practice (GLP), Good Manufacturing Practice (GMP), and laboratory safety protocols. Certified in ISO 14001:2015 Environmental Management System, ISO 45001:2018 Occupational Health & Safety Management System, SMK3 PP No 50 Tahun 2012, and Laboratory Health and Safety for Chemistry Laboratory. Demonstrates high attention to detail, excellent problem-solving ability, and strong teamwork skills, ready to support quality control and production in the health equipment and pharmaceutical industry.

EDUCATION

Bachelor of Science in Chemistry

Padjadjaran University – Sumedang, Indonesia

September 2021 – July 2025

Grade: 3.20/4.00

Undergraduate Thesis:

Utilization of ZnO/SiO₂ Composite Based on Natural Silica as an Antibacterial Agent on Cotton Fabric

- Developed a composite material with antibacterial properties, tested for application on cotton fabric.
- Conducted physical, chemical, and microbiological testing to evaluate performance.
- Utilized advanced analytical techniques including FTIR, XRF, XRD, UV-Vis DRS, and SEM-EDS to characterize materials.

Relevant Coursework:

Instrumental Analysis, Inorganic Chemistry, Organic Chemistry, Physical Chemistry, Analytical Chemistry, Laboratory Quality Management System, Green Chemistry, Effective Scientific Communication, Experimental Design.

WORK EXPERIENCES

Chemical Analyst Intern

February 2024 – March 2024

Balai Besar Standardisasi dan Pelayanan Jasa Industri Kimia Farmasi dan Kemasan, Kemenperin RI

- Conducted laboratory testing of over 78 samples of food packaging in accordance with BPOM and SNI standards.
- Performed chemical and physical analyses including pH measurement, conductivity testing, migration testing, and heavy metal detection.
- Operated and calibrated laboratory equipment such as UV-Vis spectrophotometer, pH meter, analytical balance, and conductivity meter, ensuring compliance with GLP procedures.
- Assisted in the preparation of technical reports and documentation for quality control processes.
- Collaborated with senior analysts to optimize workflows and ensure timely completion of testing activities.

ORGANIZATION EXPERIENCES

Head of Secretary Bureau

February 2023 – March 2024

BE Himaka FMIPA Unpad

- Led a secretariat team in managing documentation, correspondence, and archives for over 200 members.
- Maintained accurate membership database and event records, including documentation.
- Developed and implemented Standard Operating Procedures (SOPs) to improve administrative efficiency.

Deputy Head of Secretarial Bureau

March 2023 – March 2024

BEM Kema FMIPA Unpad

- Coordinated inter-department documentation and communication across 10+ divisions.
- Managed secure storage and timely distribution of official documents and event permits.
- Oversaw inventory control of organizational.

Deputy Head of Secretarial Bureau

January – December 2022

BE Himaka FMIPA Unpad

- Standardized secretarial procedures, improving documentation consistency by 25%.
- Organized and archived laboratory activity reports, proposals, and training certificates for compliance purposes.

COMMITTEE EXPERIENCE

Staff of Secretariat

February – July 2023

Chemistry Fun Days

- Managed participant registration data, attendance lists, and event documentation for scientific workshops.
- Assisted in preparing certificates and reports for laboratory demonstration events.

Head of Fundraising Division

April – November 2022

Reuni Akbar Himaka FMIPA Unpad

- Led fundraising initiatives, achieving 120% of revenue target to support laboratory upgrading projects.
- Coordinated with vendors and suppliers for cost-efficient procurement of event materials.

Head of Secretary Division

February 2022

Forum Ketua Himpunan Kimia Indonesia

- Managed meeting documentation for national-scale chemistry conferences.
- Maintained accurate archives to support collaboration between chemistry student associations across Indonesia.

CERTIFICATION

ISO/IEC 17025:2017

2025

Faculty of Mathematics and Natural Sciences, Padjadjaran University

ISO 14001:2015 (Environmental Management System)

2025

Makin Ahli

ISO 45001:2018 (Occupation Health & Safety Management System)

2025

Makin Ahli

SMK3 PP No 50 Tahun 2012

2025

Makin Ahli

TOEFL Prediction Test – Score: 563

2025

Speaking Partner

Laboratory Health and Safety for Chemistry Laboratory

2024

Faculty of Mathematics and Natural Sciences, Padjadjaran University

ACHIEVEMENT

Awarded funding by the Ministry of Education and Culture – PKM-RE 2023Project: *Synthesis of Bioadsorbent from Pineapple Peel Agroindustrial Waste with ZnO Nanoparticle Modification.*

- Successfully achieved >90% removal efficiency of Pb(II) ions and dyes in water treatment applications.

TECHNICAL & SOFT SKILLS

Laboratory Instrumentation :

UV-Vis spectrophotometer, XRF, XRD, UV-DRS, SEM-EDS, FTIR, AAS.

Data & Documentation :

Microsoft Office (Word, Excel, PowerPoint), technical report writing.

Soft Skills :

Detail-oriented, analytical thinking, problem-solving, teamwork, adaptability, effective communication.

Languages :

Indonesian (Native), English (High Intermediate).
